

1st Leiden International Symposium on Spin-Chemistry

Tue, 18 September 2007, 10.00
Room LCP-16, Gorlaeus Laboratoria
(close to the NMR magnets)

- 10.00 Prof. Dr. **Clemens Glaubitz** (Johann-Wolfgang-Goethe-Universität Frankfurt)
„Biophysics of multidrug efflux pumps“.
- 10.40 **Anna Diller** (Leiden Institute of Chemistry):
„The donor side of photosystem II“.
- 11.00 **Esha Roy** (Leiden Institute of Chemistry):
„Photo-CIDNP MAS NMR on Type-1 reaction centres“.
- 11.20 Prof. Dr. **Wolfgang Lubitz** (MPI für Bioanorganische Chemie, Mülheim an der Ruhr)
„Studying structure and function of hydrogenase: Basis for a biological hydrogen production“.

Organisator: Dr. Jörg Matysik (tel. 4198)
